QUESTIONS NO. 1 IS COMPULSORY

ATTEMPT ANY TWO QUESTIONS THE REMAINING THREE QUESTIONS

TOTAL MARKS: 42 MARKS

**Answer 1:**

Computation of total income of Mr. Ashish (amount in Rs.):

<b>I</b>	<b>Income from business or profession</b>			
	Excess of income over expenditure		39,43,000	
	<b>Add; Items debited but not allowable while computing business income</b>			
	- Family planning expenditure incurred for employees [not allowable as deduction since expenditure on family planning for employees is allowed only to a company assessee/not allowed in case of individuals. Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income]	20,000		
	- Salary payment to sister-in-law in excess of market rate [Any expenditure incurred for which payment is made to a relative, to the extent it is considered unreasonable is disallowed. However, sister-in-law is not included in the definition of "relative" for the purpose of section 40A(2). Therefore, no adjustment is required for excess salary paid to Mr. Ashish's sister-in-law]	Nil		
	- Employees' Contribution to EPF [Sum received by the assessee from his employees as contribution to EPF is income of the employer. Deduction in respect of such sum is allowed only if such amount is credited to the employee's account on or before due date under the relevant Act. Since, the employees contribution to EPF for February 2022 is deposited after the due date under the relevant Act, deduction would not be available]	10,000		
	- Medical expenses for the treatment of father [Not allowed as deduction since it is a personal expenditure/not an expenditure incurred for the purpose of business of Mr. Ashish. Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income]	80,000		
	- Commission to Ms. Anjaleen without deduction of tax at source [Mr. Ashish would be liable to deduct tax at source on commission since his gross receipts from profession exceeded ₹ 50 lakhs during F.Y. 2020-21. Since commission has been paid without deduction of tax at source, hence 30% of ₹ 25,000, being commission paid without deducting tax at source, would be disallowed u/s 40(a)(ia) while computing the business income of A.Y. 2022-23]	7,500		
	- Depreciation as per books of account	90,000		
	- Purchase of Furniture [not allowable, since it is a capital expenditure]	48,000	2,55,500	
			<b>41,98,500</b>	<b>{3 M}</b>

<b>Less: Depreciation as per Income-tax Rules</b>			
- On Professional Books [Rs. 90,000 x 40%]	36,000		
- On Computers [Rs. 35,000 x 40%]	14,000		
- On Furniture [Rs. 19,000 x 10%, since it has been put to use for more than 180 days during the year] [Any expenditure for acquisition of any asset in respect of which payment or aggregate of payment made to a person, otherwise than by an a/c payee cheque/bank draft or use of ECS or through prescribed electronic mode, exceeds Rs. 10,000 in a day, such expenditure would not form part of actual cost of such asset. Hence, Rs. 18,000 and Rs. 11,000 paid on 31-8-2021 in cash would not be included in the actual cost of furniture]	1,900		
- On Car [Rs. 3,35,000 x 15%] [Actual cost of car would be the purchase price of the car to Mr. Ashish, i.e., Rs. 3,35,000]	50,250	1,02,150

**Answer 2:**

**(a) (1) Tax implications in the hands of the company :**

- (i) According to Section 46(1) of the Act, distribution of capital assets amongst the shareholders on liquidation of the company is not regarded as "transfer" in the hands of the company. Consequently, there will be no capital gains in the hands of the company.
- (ii) According to Section 2(22)(c), any distribution made to the shareholders of a company on its liquidation, to the extent to which distribution is attributable to the accumulated profits of the company immediately before its liquidation would be deemed as dividend. Therefore, Rs. 40,00,000, being the amount of general reserves on the date of liquidation would be deemed as dividend. The company will be liable to deduct tax at source under section 194 @ 10%.

{1 M}

**(2) Tax implications in the hands of Mr. Raghu (shareholder):**

- (i) On liquidation (31.07.2021) : Where a shareholder on the liquidation of a company receives any money or other assets from the company, he shall be chargeable to income-tax under the head "capital gains" in respect of the money so received or the market value of the other assets on the date of the distribution, as reduced by the amount assessed as dividend and the sum so arrived at shall be deemed to be the full value of consideration.

{1 M}

**(amount in Rs.)**

Mr. Raghu holds 1/6th of the shareholding of the company	
Market value of agricultural land received (Rs. 60 lakhs x 1/6th) + Cash at bank [1/6th of (Rs. 32,22,212 - Rs. 8,22,212)]	14,00,000
Less: Deemed dividend u/s 2(22)(c) i.e., 1/6th of Rs. 40,00,000	6,66,667
Full value of consideration	7,33,333
Less: Indexed cost of acquisition of Shares (Rs. 1,20,000 x 317/113)	3,36,637
Long term capital gains	3,96,696

{3 M}

- (ii) On sale of agriculture land : Hence, the short-term capital gains in the hands of Mr. Raghu (shareholder) at the time of sale of urban agricultural land should be computed as follows :

**(amount in Rs.)**

Full value of consideration	15,00,000
Less: Fair market value of the agricultural land on the date of distribution [WN]	10,00,000
Short term capital gain	5,00,000

{2 M}

Working Note : Where the capital asset became the property of the assessee on the distribution of the capital assets of a company on its liquidation and the assessee has been assessed to capital gains in respect of that asset, the cost of acquisition means the fair market value of the asset on the date of distribution. Dividend under section 2(22)(c) amounting to Rs. 6,66,667 will be taxable in hands of shareholder.

{1 M}

**Answer:**

- (b)** (1) Perquisite value taxable u/s 17(2)(vii) = Rs. 7,98,600, being employer's contribution to recognized provident fund during the P.Y. 2021-22 - Rs. 7,50,000 = **Rs. 48,600. }{2 M}**
- (2) Annual accretion on perquisite taxable u/s 17(2)(vii) =  $(PC/2) \times R + (PC1 + TP1) \times R$   
 =  $(48,600/2) \times 0.091 + 0$   
 = **Rs. 2,211 }{4 M}**

PC	ABC Ltd.'s contribution in excess of Rs. 7.5 lakh to recognized provident fund during P.Y. 2021-22 = Rs. 48,600
PC1	Nil since employer's contribution is less than Rs. 7.5 lakh to recognized provident fund in P.Y. 2020-21.
TP1	Nil
R	$I/Favg = Rs. 2,22,800 / 24,45,000 = 0.091$
I	RPF balance as on 31-3-2022 - employee's and employer's contribution during the year - RPF balance as on 1-4-2021 = Rs. 2,22,800 (Rs. 33,55,000 - Rs. 7,98,600 - Rs. 7,98,600 - Rs. 15,35,000)
Favg	Balance to the credit of recognized provident fund as on 1st April, 2021 + Balance to the credit of recognized provident fund as on 31st March, 2022)/2 = $(Rs. 15,35,000 + Rs. 33,55,000)/2 = Rs. 24,45,000$

Note : Since the employee's contribution to RPF exceeds Rs. 2,50,000 in the P.Y. 2021-22, interest on Rs. 5,48,600 (i.e., Rs. 7,98,600 - Rs. 2,50,000) will also be chargeable to tax.

**Answer 3:**

Computation of tax liability as per normal provisions of Act	2,29,500	
Alternate minimum tax (18.5% of ATI) i.e. 18.5% of Rs. 35,50,000 [WN]	6,56,750	
Since alternate minimum tax is higher than tax as per normal provisions of the Act, Mr. A shall be liable to be pay alternate minimum tax as per section 115JC		6,56,750 }{1 M}
Add: HEC @ 4%		26,270
<b>Total tax payable (rounded off)</b>		<b>6,83,020</b>

Working Note : Computation of Adjusted Total Income (amount in Rs.) :

Total Income	13,90,000
Add: Deduction u/s 10AA	21,60,000
<b>Adjusted Total Income</b>	<b>35,50,000 }{1 M}</b>

- (ii) If profits derived from unit located in SEZ is Rs. 3,00,000 instead of Rs. 30,00,000 (amount in Rs.) :

Profits and Gains of Business or Profession		
Profit from unit located in SEZ	3,00,000	
Less: Deduction u/s 10AA (Rs. 3,00,000 x Rs. 72,00,000 ÷ 1,00,00,000)	2,16,000	84,000
Income from other sources		6,50,000
Gross Total Income		7,34,000
Less: Deduction u/s 80C (PPF investment)		1,00,000
Total Income		6,34,000
Computation of tax liability as per normal provisions of Act		39,300
Add: HEC @ 4%		1,572
<b>Total Tax (rounded off)</b>		<b>40,870</b>

}2 M}

Since the adjusted total income of such person does not exceed Rs. 20 lakhs, hence he is not liable to pay alternate minimum tax.

**Answer 4:**

- (a) In case of an Indian citizen leaving India for employment during the relevant previous year, the period of their stay during that previous year for being treated as a resident of India must be 182 days or more.
- During the previous year 2021-22, Mr. Rajesh, an Indian citizen, was in India for 181 days only (i.e., 30 + 31 + 30 + 31 + 31 + 28 days). Thereafter, he left India for employment purposes.
- Since he does not satisfy the minimum criteria of 182 days, he is a non-resident for the A.Y. 2022-23.
- A non-resident is chargeable to tax in respect of income received or deemed to be received in India and income which accrues or arises or is deemed to accrue or arise to him in India. Hence, salary for January to March 2022, which was credited in his Dubai bank account for services rendered in Dubai, would not be taxable in the hands of Mr. Rajesh.

**Computation of taxable income of Mr. Rajesh for A.Y. 2022-23 :**

Working Notes :

- (1) Cost of his air tickets to Dubai costing Rs. 1,50,000 funded by his sister is not taxable u/s 56(2)(x) in the hands of Mr. Rajesh, since "sister" is a relative. } {1 M}
- (2) Cost of initial stay at Dubai costing Rs. 40,000 funded by his friend is also not taxable u/s 56(2)(x), since the amount does not exceed Rs. 50,000. }

**Answer:**

Hence, Mr. Subramanyam will be liable to pay advance tax to the extent of the whole amount of such advance tax during on or before the 15<sup>th</sup> March of that financial year. } {1 M}
- The tax liability of Mr. Subramanyam and amount of advance tax to be deposited is as under:

{1 M

- The aggregate turnover of Harnam & Co. exceeds the threshold limit of aggregate turnover applicable for e-invoicing. Thus, Harnam & Co. is mandatorily required to issue e-invoices in respect of supplies made to registered persons.
- Banking company is specifically exempt from mandatory requirement of e-invoicing even if the turnover exceeds Rs. 50 crore in the preceding financial year. Thus, e- invoicing is not applicable to Rich & Poor Bank.

**Answer:**

- (b) (1) Section 24 of the CGST Act, 2017 provides that persons making any inter - State taxable supply of goods are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover. However, as per section 23 of the CGST Act, 2017, an agriculturist, to the extent of supply of produce out of cultivation of land, is not liable to registration. Heera is exclusively engaged in cultivation and supply of potatoes. Thus, he is not liable to registration irrespective of the fact that he is engaged in making inter -State supply of goods. Further, Heera will not be liable to registration, in the given case, even if his turnover exceeds the threshold limit. }{2 M}
- (2) As per section 22 of the CGST Act, 2017 read with Notification No. 10/2019 CT dated 07.03.2019, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-State taxable supplies of goods is as under:- }{3 M}
- (a) Rs. 10 lakh for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- (b) Rs. 20 lakh for the States, namely, States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
- (c) Rs. 40 lakh for rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, Pan masala and Tobacco and manufactured tobacco substitutes.
- Since Aanya is making taxable supplies from Telangana, she will not be eligible for higher threshold limit available in case of exclusive supply of goods. The applicable threshold limit for registration for Aanya in the given case is Rs. 20 lakh. Thus, she is liable to get registered under GST.

- (i) As per Para I of Schedule III of the CGST Act, services by an employee to the employer in the course of or in relation to his employment are non-supplies, i.e. they are neither supply of goods nor supply of services. Services provided by the independent directors who are not employees of the said company to such company, in lieu of remuneration as the consideration for the said services, are clearly outside the scope of Schedule III of the CGST Act and are therefore taxable. Further, such remuneration paid to the directors is taxable in hands of the company, on reverse charge basis. Thus, GST is applicable in this case and Sun Moon Company Private Limited is liable to pay GST. {2 M}
  - (ii) The part of director’s remuneration which is declared as salaries in the books of a company and subjected to TDS under section 192 of the Income-tax Act (IT Act), is not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III. **Answer 8:**

- (a)** (a) The advice given by tax consultant is correct. Under GST law, filing of GSTR-3B is mandatory for all normal and casual taxpayers, even if there is no business activity in any particular tax period. For such tax period(s), a Nil GSTR-3B is required to be filed. Therefore, in the given case, even though Miss Kashi was out of station on a religious pilgrimage with her family for 55 days and thus, could not do any business transaction during the month of August, she is still required to file Nil GSTR-3B for that month. {2 M}
- (b) Nil GSTR-3B means that the return has nil or no entry in all its Tables. Since in the present case, Miss Kashi has received certain purchases, she cannot file Nil GSTR-3B, as the said purchases will need to be disclosed in the “Table for Eligible ITC” in GSTR-3B. {2 M}

- Thus, Miss Kashi is required to file monthly return, GSTR-3B for the month of August.
- (c) GSTR-3B can be submitted electronically on the common portal, either directly or through a Facilitation Centre notified by the Commissioner. Further, a Nil GSTR-3B can be filed through an SMS using the registered mobile number of the taxpayer.
- Thus, Miss Kashi is required to file Nil GSTR-3B for the month of August through an SMS using her registered mobile number even though there is no internet facility in her mobile and no Facilitation Centre notified by the Commissioner.

**Answer:**

- (b) Section 10(2A) of the CGST Act, 2017 provides the turnover limit of Rs. 50 lakh in the preceding financial year for becoming eligible for composition levy for services. Wedding Bells has started the supply of services in the current financial year (FY), thus, it's aggregate turnover in the preceding FY is Nil. Consequently, in the current FY, Wedding Bells is eligible for composition scheme for services. A registered person opting for composition levy for services shall pay tax @ 3% [Effective rate 6% (CGST+ SGST/UTGST)] of the turnover of supplies of goods and services in the State.
- Further, Wedding Bells becomes eligible for the registration when the aggregate turnover exceeds Rs. 20 lakh (the threshold limit of obtaining registration). While registering under GST, Wedding Bells can opt for composition scheme for services. The option of a registered person to avail composition scheme for services shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of Rs. 50 lakh.
- However, for the purposes of determining the tax payable under composition scheme, the expression "turnover in State" shall not include the value of supplies from the first day of April of a FY up to the date when such person becomes liable for registration under this Act.
- Thus, for determining the turnover of the State for payment of tax under composition scheme for services, turnover of April, 2021 – June, 2021 quarter [Rs. 20 lakh] shall be excluded. On next Rs. 30 lakh [turnover of July, 2021 – September, 2021 quarter], it shall pay tax @ 6% [3% CGST and 3% SGST].
- For the purposes of computing aggregate turnover of a registered person for determining his eligibility to pay tax under this section, aggregate turnover includes value of supplies from the 1st April of a FY up to the date of his becoming liable for registration.
- Thus, while computing aggregate turnover for determining Wedding Bells's eligibility to pay tax under composition scheme, value of supplies from the first day of April of a financial year up to the date when it becomes liable for registration under this Act (i.e. turnover of April, 2021 – June, 2021 quarter), are included.
- By the end of July, 2021 – September, 2021 quarter, the aggregate turnover reaches Rs. 50 lakh. Consequently, the option to avail composition scheme for services shall lapse by the end of July, 2021 – September, 2021 quarter and thereafter, it is required to pay tax at the normal rate of 18%.

Considering the above provisions, the tax payable for each quarter is as under:-

<b>S. No.</b>	<b>Quarter</b>	<b>GST rate [CGST + SGST]</b>	<b>Turnover (Rs. in lakh)</b>	<b>GST payable (Rs. in lakh)</b>	
1	April, 2021 – June, 2021	-	20	-	
2	July, 2021 – September, 2021	6%	30	1.8	{1 M}
3	October, 2021 – December, 2021	18%	40	7.2	{1 M}
