Note: As per section 45(5A), any capital gains arising from the transfer of a capital asset,) being land or building or both, under a specified agreement, is chargeable to income-tax as income of the previous year in which the certificate of completion is issued by the competent authority. In the above solution, the CII of F.Y. 2022-23 has been considered on the basis of parity, since, as per section 45(5A), it is the stamp duty value of the developed property (shopping mall, in this case) on the date of issue of certificate of completion (26.12.2022), which is deemed as the full value of consideration for transfer of land handed over to the developer.

#### Answer:

- Perquisite value taxable u/s 17(2)(vii) = Rs. 7,98,600, being employer's (b) (1)contribution to recognized provident fund during the P.Y. 2022-23 - Rs. 7,50,000 =**Rs. 48,600.**  $\{2 M\}$ 
  - (2) Annual accretion on perquisite taxable u/s 17(2)(vii) = (PC/2) x R + (PC1 + TP1) x R  $= (48,600/2) \times 0.091 + 0$

= Rs. 2.211 \{4 M\}

	<u>-1 K                                </u>
PC	ABC Ltd.'s contribution in excess of Rs. 7.5 lakh to recognized provident fund during P.Y. 2022-23 = Rs. 48,600
PC1	Nil since employer's contribution is less than Rs. 7.5 lakh to recognized provident fund in P.Y. 2021-22.
TP1	Nil
R	I/Favg =Rs. 2,22,800 / 24,45,000 = 0.091
I	RPF balance as on 31-3-2023 - employee's and employer's contribution during the year - RPF balance as on 1-4-2022 = Rs. 2,22,800 (Rs. 33,55,000 - Rs. 7,98,600 - Rs. 7,98,600 - Rs. 15,35,000)
Favg	Balance to the credit of recognized provident fund as on 1st April, $2022 + Balance$ to the credit of recognized provident fund as on 31st March, $2023)/2 = (Rs. 15,35,000 + Rs. 33,55,000)/2 = Rs. 24,45,000$

Note: Since the employee's contribution to RPF exceeds Rs. 2,50,000 in the P.Y. 2022-23, interest on Rs. 5,48,600 (i.e., Rs. 7,98,600 - Rs. 2,50,000) will also be chargeable to tax.

#### Answer 4:

(a) In case of an Indian citizen leaving India for employment during the relevant previous year, the period of their stay during that previous year for being treated as a resident of India must be 182 days or more.

During the previous year 2022-23, Mr. Rajesh, an Indian citizen, was in India for 181 days only (i.e., 30 + 31 + 30 + 31 + 28 days). Thereafter, he left India for employment purposes. {2 M}

Since he does not satisfy the minimum criteria of 182 days, he is a non-resident for the A.Y. 2023-24.

ļ

A non-resident is chargeable to tax in respect of income received or deemed to be received in India and income which accrues or arises or is deemed to accrue or arise to him in India. Hence, salary for January to March 2023, which was credited in his Dubai bank account for services rendered in Dubai, would not be taxable in the hands of Mr. Rajesh.

#### Answer 6:

(a) All registered businesses with an aggregate turnover (based on PAN) in any preceding financial year from 2018-19 onwards greater than Rs. 50 crore are required to issue e-invoices in respect of B2B supplies (supply of goods and/or services to a registered person).

Further, following entities are exempt from the mandatory requirement of e-invoicing:-

- (a) Special Economic Zone units
- (b) Insurer or banking company or financial institution including NBFC
- (c) GTA supplying services in relation to transportation of goods by road in a goods carriage
- (d) Supplier of passenger transportation service
- (e) Person supplying services by way of admission to exhibition of cinematograph films in multiplex screens

Each}

Thus, above mentioned entities are not required to issue e-invoices even if their turnover exceeds Rs. 50 crore in the preceding financial year from 2018-19 onwards. In view of the above mentioned provisions, the answer to the independent cases are as under:-

- (i) The aggregate turnover of Harnam & Co. exceeds the threshold limit of aggregate turnover applicable for e-invoicing. Thus, Harnam & Co. is mandatorily required to issue e-invoices in respect of supplies made to registered persons.
- (ii) Banking company is specifically exempt from mandatory requirement of einvoicing even if the turnover exceeds Rs. 50 crore in the preceding financial year. Thus, e- invoicing is not applicable to Rich & Poor Bank.

#### Answer:

(b) (1) Section 24 of the CGST Act, 2017 provides that persons making any inter - State taxable supply of goods are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

However, as per section 23 of the CGST Act, 2017, an agriculturist, to the extent of supply of produce out of cultivation of land, is not liable to registration.

Heera is exclusively engaged in cultivation and supply of potatoes. Thus, he is not liable to registration irrespective of the fact that he is engaged in making inter -State supply of goods. Further, Heera will not be liable to registration, in the given case, even if his turnover exceeds the threshold limit.

- (2) As per section 22 of the CGST Act, 2017 read with Notification No. 10/2019 CT dated 07.03.2019, a supplier is liable to be registered in the State/Union territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-State taxable supplies of goods is as under:-
  - (a) Rs. 10 lakh for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
  - (b) Rs. 20 lakh for the States, namely, States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
  - (c) Rs. 40 lakh for rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, Pan masala and Tobacco and manufactured tobacco substitutes.

Since Aanya is making taxable supplies from Telangana, she will not be eligible for higher threshold limit available in case of exclusive supply of goods. The applicable threshold limit for registration for Aanya in the given case is Rs. 20 lakh. Thus, she is liable to get registered under GST.

#### Notes:

- 1. Incidental expenses, including commission and packing, charged by supplier to recipient of supply is includible in the value of supply. Weighment charges are also incidental expenses, hence includible in the value of supply [Section 15 of the CGST Act, 2017].
- 2. Since discount is known at the time of supply, it is deductible from the value in terms of section 15 of the CGST Act, 2017.
- 3. Since supply made to Narad Traders is an inter-State supply, IGST is payable in terms of section 5 of the IGST Act, 2017.
- 4. Since supply made to Nandi Motors Ltd. is an intra-State supply, CGST & SGST is payable on the same.

#### Answer:

- (b) (i) As per Para I of Schedule III of the CGST Act, services by an employee to the employer in the course of or in relation to his employment are non-supplies, i.e. they are neither supply of goods nor supply of services. Services provided by the independent directors who are not employees of the said company to such company, in lieu of remuneration as the consideration for the said services, are clearly outside the scope of Schedule III of the CGST Act and are therefore taxable. Further, such remuneration paid to the directors is taxable in hands of the company, on reverse charge basis.
  - Thus, GST is applicable in this case and Sun Moon Company Private Limited is liable to pay GST.
  - (ii) The part of director's remuneration which is declared as salaries in the books' of a company and subjected to TDS under section 192 of the Income-tax Act (IT Act), is not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III.

Further, the part of employee director's remuneration which is declared separately other than salaries in the company's accounts and subjected to TDS under section 194J of the IT Act as fees for professional or technical services are treated as consideration for providing services which are outside the scope of Schedule III and is therefore, taxable. The recipient of the said services i.e. the company, is liable to discharge the applicable GST on it on reverse charge basis.

In lieu of the above provisions, Rs. 60,000 declared as salaries in the books of Sun Moon Company Private Limited and subjected to TDS under section 192 of the Income-Tax Act (IT Act), is not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III.

Further, Rs. 65,000 declared separately other than salaries in the Sun Moon Company Private Limited's accounts and subjected to TDS under section 194J of the IT Act as professional services is treated as consideration for providing services which is outside the scope of Schedule III and is therefore, taxable. The recipient of the said services i.e. the Sun Moon Company Private Limited, is liable to discharge the applicable GST on it on reverse charge basis.

(a) (a) The advice given by tax consultant is correct.

Under GST law, filing of GSTR-3B is mandatory for all normal and casual taxpayers, even if there is no business activity in any particular tax period. For such tax period(s), a Nil GSTR-3B is required to be filed.

Therefore, in the given case, even though Miss Kashi was out of station on a religious pilgrimage with her family for 55 days and thus, could not do any business transaction during the month of August, she is still required to file Nil GSTR-3B for that month.

Nil GSTR-3B means that the return has nil or no entry in all its Tables. Since (b) in the present case, Miss Kashi has received certain purchases, she cannot file Nil GSTR-3B, as the said purchases will need to be disclosed in the "Table for  $\{2 M\}$ Eligible ITC" in GSTR-3B.

Thus, Miss Kashi is required to file monthly return, GSTR-3B for the month of August.

(c) GSTR-3B can be submitted electronically on the common portal, either directly or through a Facilitation Centre notified by the Commissioner. Further, a Nil GSTR-3B can be filed through an SMS using the registered mobile number of the taxpayer.

Thus, Miss Kashi is required to file Nil GSTR-3B for the month of August through an SMS using her registered mobile number even though there is no internet facility in her mobile and no Facilitation Centre notified by the Commissioner.

#### **Answer:**

Section 10(2A) of the CGST Act, 2017 provides the turnover limit of Rs. 50 lakh in (b) the preceding financial year for becoming eligible for composition levy for services. Wedding Bells has started the supply of services in the current financial year (FY), thus, it's aggregate turnover in the preceding FY is Nil. Consequently, in the current FY, Wedding Bells is eligible for composition scheme for services. A registered person opting for composition levy for services shall pay tax @ 3% [Effective rate 6% (CGST+ SGST/UTGST)] of the turnover of supplies of goods and services in the  $\{1 M\}$ State.

{1 M}

{2 M}

Further, Wedding Bells becomes eligible for the registration when the aggregate turnover exceeds Rs. 20 lakh (the threshold limit of obtaining registration). While registering under GST, Wedding Bells can opt for composition scheme for services.

The option of a registered person to avail composition scheme for services shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of Rs. 50 lakh.

However, for the purposes of determining the tax payable under composition scheme, the expression "turnover in State" shall not include the value of supplies from the first day of April of a FY up to the date when such person becomes liable for registration under this Act.

Thus, for determining the turnover of the State for payment of tax under composition scheme for services, turnover of April, 2022 – June, 2022 quarter [Rs. 20 lakh] shall be excluded. On next Rs. 30 lakh [turnover of July, 2022 - September, 2022 quarter], it shall pay tax @ 6% [3% CGST and 3% SGST].

For the purposes of computing aggregate turnover of a registered person for determining his eligibility to pay tax under this section, aggregate turnover includes

{1 M}

value of supplies from the 1st April of a FY up to the date of his becoming liable for registration.

Thus, while computing aggregate turnover for determining Wedding Bells's eligibility to pay tax under composition scheme, value of supplies from the first day of April of a financial year up to the date when it becomes liable for registration under this Act (i.e. turnover of April, 2022 – June, 2022 quarter), are included.

es **{1 M}** 

By the end of July, 2022 – September, 2022 quarter, the aggregate turnover reaches Rs. 50 lakh. Consequently, the option to avail composition scheme for services shall lapse by the end of July, 2022 – September, 2022 quarter and thereafter, it is required to pay tax at the normal rate of 18%.

Considering the above provisions, the tax payable for each quarter is as under:-

S. No.	Quarter	GST rate [CGST + SGST]	Turnover (Rs. in lakh)	GST payable (Rs. in lakh)	
1	April, 2022 –	-	20	-	
	June, 2022	501
