DATE: 16.05.2023 MAXIMUM MARKS: 100 TIMING: 3 Hours

PAPER: PRINCIPLES & PRACTICE OF ACCOUNTING

Question No. 1 is compulsory.

Candidates are required to answer any four questions from the remaining five questions.

Answer 1:

(a) (1) False:

Any expense incurred for bringing the assets in its useful condition is treated part of the cost of the assets, so the expenses incurred on installation of machinery is a capital expenditure.

(2) **True:**

Debentures issued by the company are long-term loan on which interest has to be paid whether there is a profit or loss. So interest paid on debenture is charged against profit.

(3) **False:**

The sales books is specially kept to record credit sales of the goods dealt in by the firm. Cash sales are recorded in the cash book but not in the sales book.

(4) **True:**

In case of retirement of the bill drawee makes the payment of the bill before maturity date, so the drawer allows some discount (Rebate) which is income for drawee and loss for the drawer.

(5) **False:**

In case of consignment the ownership of the goods is not transferred to consignee when the goods are received by the consignee because consignee acts as agent of the consigner only.

(6) **True:**

In case of due date of a bill falls after the date of closing the account, no interest is allowed for that. However interest from the date of closing to such due date is return in red-ink in the appropriate side of the account current. This is called red-ink interest.

Answer:

(b) (1) Provision and Contingent Liability.

•_				
		Provision	Contingent liability	
Ī	1	Provision is a present liability of	A Contingent liability is a possible obligation	
		uncertain amount, which can be	that may or may not crystallise depending	-{1/2 M}
		measured reliably by using a		-\1/2 M3
		substantial degree of estimation	or more uncertain future events	
Ī	2	A provision meets the recognition	A contingent liability fails to meet the same	{1/2 M}
		criteria	ļ	(-,)
Ī	3	Provision is recognised when (a) an	Contingent liability includes present	
		enterprise has a present obligation	obligations that do not meet the recognition	
		arising from past events; an outflow	criteria because either it is not probable	
		of resources embodying economic	that settlement of those obligations will	-{1/2 M}
		benefits is probable, and (b) a	require outflow of economic benefits, or the	
		reliable estimate can be made of the	amount cannot be reliably estimated	
		amount of the obligation	·	

CA FOUNDATION- MOCK TEST

4	If the management estimates that it						
	is probable that the settlement of an						
	obligation will result in outflow of						
	economic benefits, it recognises a						
	provision in the balance sheet						

If the management estimates, that it is less likely that any economic benefit will outflow the firm to settle the obligation, it discloses the obligation as a contingent liability

-{1/2 M}

(2) Differences – Bill of Exchange and Promissory Note

Bill of Exchange	Promissory note			
A Bill contains an unconditional order to pay	A promissory note contains only a			
	promise to pay certain sum of money			
There are generally 3 parties (Drawer,	There are 2 parties (Maker and Payee) in			
Drawee and Payee) in bill of exchange	promissory note			
A bill is paid by Acceptor	A promissory note is paid by maker			
A bill is drawn by creditor	A promissory note is made by debtor			
The drawer and payee may be same person	In promissory note maker and payee can			
in case of bill of exchange	not be same person			

{1/2 M Each for any Four Point}

Answer:

(c) Calculation of gross margin of profit:

	Rs.
Sales	8,00,000
Add: Closing inventory (at selling price)	2,00,000
Selling price of goods available for sale:	10,00,000 {1M}
Less: Cost of goods available for sale	8,00,000
Gross margin	2,00,000 {1M}

Rate of gross margin = $\frac{2,00,000}{10,00,000}$ **x** 100 = 20% = **{1M}**

Cost of closing inventory = 2,00,000 less 20% of Rs. 2,00,000 = Rs. 1,60,000 {1M}

Answer 2:

(a)

ADJUSTED CASH BOOK

Particulars	Amou	ınt (Rs.)		Particulars	Amount (Rs.)

Answer:

(b) Let us take 12.07.2014 as Base date.

Bills receivable

Due date	No. of days from 12.07.2016	Amount	Product	
04/09/2016	54 }{1/2 M}	6,000	3,24,000	}{1/2 M}
08/09/2016	58 }{1/2 M}	5,000	2,90,000	}{1/2 M}
12/07/2016	0 }{1/2 M}	12,000	0	
14/08/2016	33 }{1/2 M}	2,000	66,000	}{1/2 M}
23/09/2016	73 }{1/2 M}	3,000	2,19,000	}{1/2 M}
		28,000	8,99,000	}{1/2 M}

Bills payable

Due date	No. of days from 12.07.2016	Amount	Product	
01/08/2016	20 }{1/2 M}	4,000	80,000	}{1/2 M
07/09/2016	57 }{1/2 M}	6,000	3,42,000	}{1/2 M
12/07/2016	0 }{1/2 M}	12,000	0	
		22,000	4,22,000	}{1/2 M

Excess of products of bills receivable over bills payable = 8,99,000 - 4,22,000 = 4,77,000 **\{1/2 M}** Excess of bills receivable over bills payable = 28,000 - 22,000 = 6,000 **\}(1/2 M)** Number of days from the base date to the date of settlement is 4,77,000/6,000 = 79.5 (approx.)

Hence date of settlement of the balance amount is 80 days after 12th July i.e. 30th September. {1 M}

On 30th September, 2016 Vijay has to pay Ajay Rs. 6,000 to settle the account.

Answer 4:

(a) In the boo Trading and Profit

In the books of Sachin Trading and Profit & Loss Account for the year ended 31-3-2016

(A) Excess amount received from Ramesh on application:

Ramesh has been allotted 3,000 shares. He must have applied for more shares.

If shares allotted were 80,000, shares

application for were = 96,000

: If shares allotted were 3,000

applied for were
$$\frac{96,000}{80,000} \times 3,000 = 3,600$$
 shares. (1/2 M)

Excess application money received from Ramesh =3,600 shares.-3,000 share

=600 shares x Rs. 4 = Rs. 2,400 (1/2 M)

(B) Amount due from Ramesh on allotment:

3,000 shares x Rs. 5 = Rs. 15,000

Less: Excess received from Ramesh on application=2,400 (1/2 M)

Net amount due from Ramesh on allotment,

Which has not been received=Rs. 12,600 (1/2 M)

(C) Total amount due on allotment 80,000 shares x = 4,00,000

Less: Excess amount received on applications = 64,000

Balance due = 3,36,000

Less: Amount not received from Ramesh on allotment = 12,600

Net amount received on allotment in cash= 3,23,400 (1/2 M)

(D) Premium is due with allotment and only Ramesh has not paid the amount of allotment therefore, Securities Premium Reserve account has been debited from the amount of premium due from

Ramesh= 3,000 shares x Rs. 2 = Rs. 6,000 (1/2 M)

Answer:

- (b) The basic considerations in distinction between capital and revenue expenditures are:
 - (a) Nature of business.
 - (b) Recurring nature of expenditure.
 - (c) Purpose of expenses.
 - (d) Effect on revenue generating capacity of business.
 - (e) Materiality of the amount involved.

Answer:

(c) An Account Current is a running statement of transactions between parties for a given period of time and includes interest allowed or charged on various items. It takes the form of an ledger account.

There are three ways of preparing an Account Current:

- (i) With help of interest table.
- (ii) By means of products.

(1 M Each Point)

(iii) By means of products of balances.
